the EXPERIENCE

Our goal remains the same as the day our first hospital opened its doors back in 1974.

“Providing young veterinary professionals the opportunity to grow through hands-on training, peer to peer mentorship, state of the art technology, continuing education, and having the necessary downtime to recharge and enjoy quality time at home”

While in Las Vegas, you will have the unique opportunity to spend time at each of our general practices as well as our specialty center.

As an extern, we will provide you with housing, a weekly stipend, transportation to our Hospitals, but most importantly, a mentorship from one of our reputable Doctors during all assessments and medical procedures.

The Nave Veterinary Group welcomes anyone who is committed to practicing the best that veterinary medicine has to offer. Our organization focuses to achieve excellence in veterinary medicine through compassionate one-on-one peer mentoring and care. We hold ourselves to the highest of medical standards and are accountable for ensuring clients and their pets receive optimal care.

Our diverse group respects each other's needs and educational outlook. We are an evolving organization providing externs an opportunity to work with multiple practices, thus allowing them different viewpoints. Not only are we creating a foundation for future veterinarians, but we are developing future entrepreneurs.

FREQUENTLY ASKED QUESTIONS

WHAT ARE THE DUTIES OF AN EXTERN?

You will be expected to work Monday through Friday from 8 am to 5 pm. Weekends will be free for your own use. You will not be expected to be available for emergency work. We strive to make this time an enjoyable learning experience. You will not be asked to do anything you do not feel capable of or are not ready to do

HOW MANY CLINICS WILL AN EXTERN HAVE THE OPPORTUNITY TO EXPERIENCE?

Depending on the length of your externship, you will visit between 5-10 general practices, including our speciality center.

WHAT IS THE IDEAL LENGTH OF AN EXTERNSHIP?

We recommend a minimum of two weeks for externs to get the most experience.

WILL HOUSING BE PROVIDED?

Yes, housing will be provided either at our on-site residency or, a residential extended-stay hotel. This hotel has a microwave, refrigerator, wireless internet, and cable TV.

WILL TRANSPORTATION BE PROVIDED?

You will be picked up at the airport and be taken to your housing destination. Daily transportation to and from work will be provided by one of our NAVE Group team members. If you need transportation during your free time, buses, taxis, Uber and Lyft are all available in the area.

WILL THE NAVE VETERINARY GROUP PROVIDE A STIPEND FOR EXTERNS?

A stipend is provided based on university requirements.

WHAT ARE THE DRESS REQUIREMENTS FOR EXTERNS?

Surgical scrubs, lab coat, and stethoscope are acceptable while at work. You will be involved in surgeries and seeing clients. Bring appropriate business casual clothes for evenings out with our doctors and staff.

PROFESSIONAL OPPORTUNITIES

We have been providing veterinary care in Southern Nevada since 1971, helping both Nevada pets and their owners. We have dedicated our lives to this cause and continue to create an atmosphere for budding new doctors to pursue their dreams in veterinary medicine and teach them how to reach any and all goals they may have. We have also made sure to include doctors of all areas and diversities, reaching from the edges of California to the island of St. Kitts, in order to offer the opportunity to help them grow and learn.

Our process has led to the development of over 21 freestanding veterinary hospitals with state-of-the-art technology and cutting edge medicine.

We look forward to the future of veterinary medicine and continue to expand our horizons here in Southern Nevada.

The Nave Veterinary Group is always looking for professionals who wish to work in a collaborative environment where excellence in veterinary medicine and superior customer service go hand in hand.

Our staff includes over

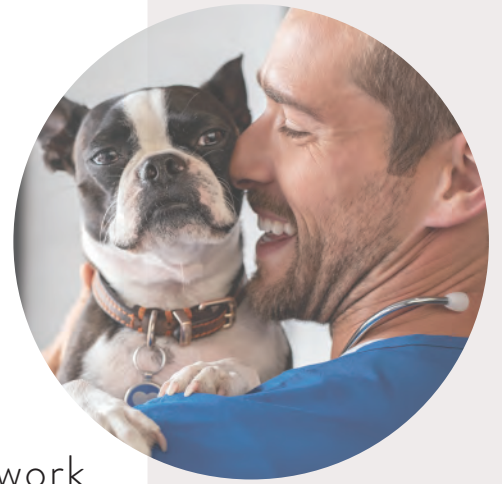

160

veterinarian professionals and we continue to grow throughout Southern Nevada. Our group includes a specialty center, two emergency centers and a 24-hour, seven day a week critical care hospital.

We proudly have specialists in orthopedic surgery, soft tissue surgery, internal medicine, dentistry, dermatology, ophthalmology, oncology, critical care, anesthesiology, neurology, and cardiology. We believe this adds tremendously to our mission of providing high quality medicine and surgery to our clients, as well as support to our veterinarians.

WE ARE SEEKING FULL-TIME VETERINARY ASSOCIATES TO JOIN OUR VETERINARY TEAM

Applicants should possess effective communication skills and an interest in continued education. We provide excellent opportunities to practice high-quality veterinary medicine and to work with a superb group of veterinary professionals. Mentorship programs are offered, as well as opportunities to develop your individual practice interests.

THE NAVE VETERINARY GROUP DIFFERENCE

MENTORSHIP

It is our goal to help veterinarians, both young and experienced, become very successful. Mentoring in medicine, surgery, and business is important to us and we put forth a great deal of effort in these areas. Professionally, we ensure our veterinarians receive the best continuing education to continually grow as veterinary professionals. Similarly, we believe that mentoring in the business of veterinary medicine is equally important.

DIVERSITY OF EXPERIENCE

With over 160 veterinary professionals in the Nave Veterinary Group, we have built a team founded on diversity of experience, thought and practice. As a member of our team, you will have the opportunity to interact with veterinary professionals from across the nation who have unique specialities and experiences that they are eager to share.

ACCESS TO STATE OF THE ART TECHNOLOGY

All of our practices, from our general practices to our speciality center, are equipped with state of the art technology. We believe in ensuring our clients have access to the most cutting edge medicine. As a member of our team, you will be continually trained on cutting edge technology so that you may better serve your clients, now and in the future.
